Scoping meetings have been held with the Department of Health and one of the new rules they have will allow a ten year planning cycle as long as we do a 10 year CIP and Financial outlook. This would save the City a significant amount of money. He recommends that the City plan for a 10 year horizon. The update has been planned for in the CIP for 2015-2016. A recruitment process was done and the Committee selected RH2 Engineering. He also noted this went through the Public Works Committee and they recommend approval. Resolution No. 15-1012, authorizing the Mayor to sign an Interlocal Agreement with the Cities of Covington and Maple Valley for Building Department Related Services

Community Development/Natural Resources Director Nix reported for the past four years the City of Black Diamond has utilized building division services from the City of Covington in order to meet the demands associated with these services in Black Diamond. This arrangement is up in March and in discussion with Covington it is in the best interest to combine this arrangement to include the City of Maple Valley. This proposal would supply both building official duties and plan review, while the City of Maple Valley would supply building inspection services. As more staff will now be available to the City for these services, the expectation is that plan review will be done quicker and we will have the ability to be more effective/efficient with building inspection duties, as more resources are available to us, on an as needed basis. The City Attorney has reviewed the original I.L.A that has been adopted by Maple Valley and Covington and has expressed her concerns with the version submitted to Black Diamond. This I.L.A would only be through the end of 2015 and those concerns could be integrated into a subsequent I.L.A, scheduled to be negotiated before the end of 2015.

A motion was made by Councilmember Edelman and seconded by Councilmember Dready to adopt Resolution No. 15-1010, authorizing the Mayor to sign an Interlocal Agreement
with the Cities of Covington and Maple Valley for Building Department Related Services. Motion passed with all voting in favor (5-0).
